

TEXTBOOKS TO BE USED BY GPTIs WHEN TEACHING  
ECON 3080: INTERMEDIATE MACROECONOMIC THEORY

The textbook is an integral part of the course. It helps the student learn the material and it also provides an easy reference to help GPTIs teach at the appropriate level. Therefore, on October 15, 2018, the undergraduate curriculum committee decided that GPTIs teaching Econ 3080: Intermediate Macroeconomic Theory are required to use a textbook shown in the list below.

As of Fall 2018, most GPTIs use

Charles I. Jones. *Macroeconomics* (4<sup>th</sup> edition). W. W. Norton & Company

Other acceptable texts include:

Andrew B. Abel, Ben Bernanke, and Dean Croushore. *Macroeconomics* (9<sup>th</sup> edition). Pearson

N. Gregory Mankiw. *Macroeconomics* (9<sup>th</sup> edition). Worth Publishers

Robert E. Hall and David H. Papell (6<sup>th</sup> edition). W. W. Norton & Company

Because faculty are more experienced, this restriction on appropriate textbooks does not apply to instructors or tenure-track faculty.
